Investment Style/Strategy

The portfolio is built using a core/satellite approach. The core is made up of a multi-asset, multi-manager fund that has a balanced (capital growth & income/yield) risk & return target. The satellite holdings will add either some further growth or defensive allocations depending on the risk profile as well as an allocation to absolute return strategies

Suitability

The portfolio is designed for investors who…

- Seek modest capital growth through more defensive asset classes
- Seek diversification across asset classes and specialist fund managers
- Seek capital growth with reduced drawdown risk & low volatility
