Notes
1. Past performance is not an indication of future performance
2. Returns and holdings will vary between investors given the nature of timing and separate account ownership on the platform
3. Model portfolio gross total returns assume re-investment of all dividends and coupon income, nil entry & exit and do not take taxes into account
4. Returns greater than 12 months are cumulative gross total returns
5. Returns are net of underlying fund fees, but do not take into account any platform fees and management fees levied by NPW or platform
*Commencement of performance data = 30/06/2014. Performance prior to inception is simulated based on the portfolio holdings and % allocations at the time of inception and assumes an annual 30 June re-balance

Investment Style/Strategy
The portfolio is built using a core/satellite approach. The core is made up of a multi-asset, multi-manager fund that has a Growth asset allocation and risk/return target. The satellite holdings will add either some further growth or defensive allocations depending on the risk profile as well as an allocation to absolute return strategies

Suitability
The portfolio is designed for investors who…
- Seek a higher rate of capital growth through a portfolio of mostly growth assets
- Seek some diversification across asset classes and specialist fund managers
- Seek capital growth with reduced drawdown risk via "liquid alternative" strategies
