### Notes

- Past performance is not an indication of future performance
  - Returns and holdings will vary between investors given the nature of timing and separate account ownership on the platform
  - Model portfolio gross total returns assume re-investment of all dividends and coupon income, nil entry & exit and do not take taxes into account
  - Returns greater than 12 months are cumulative gross total returns
  - Returns are net of underlying fund fees, but do not take into account any platform fees and management fees levied by NPW or platform
- \*Commencement of performance data = 30/06/2014. Performance prior to inception is simulated based on the portfolio holdings and % allocations at the time of inception and assumes an annual 30 June re-balance

## Investment Style/Strategy

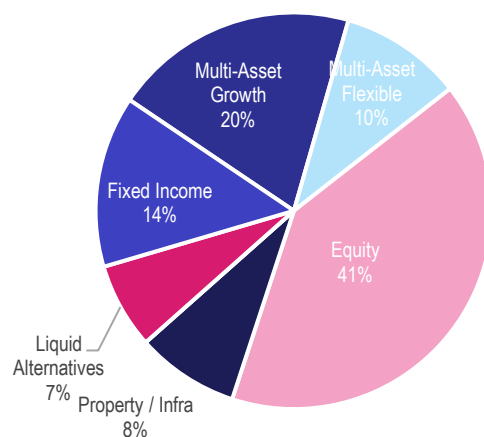

The portfolio is built using a core/satellite approach. The core is made up of a multi-asset, multi-manager fund that has a Growth asset allocation and risk/return target. The satellite holdings will add either some further growth or defensive allocations depending on the risk profile as well as an allocation to absolute return strategies

## Suitability

The portfolio is designed for investors who...

- Seek a higher rate of capital growth through a portfolio of mostly growth assets
- Seek some diversification across asset classes and specialist fund managers
- Seek capital growth with reduced drawdown risk via "liquid alternative" strategies
